HealthPoint Cancels Austin Event, Announces Virtual Experience

HealthPoint planned for September 13 – 16, 2020 has been canceled. Amid the challenging circumstances arising from COVID-19, it has become clear that hosting HealthPoint in Austin this September is not possible.

The cancellation of the live Event is due to developments regarding the ongoing progression of the COVID-19 pandemic, including the latest government data, measures and guidelines on the phased reopening plans in the U.S.; current restrictions on congregating and large gatherings imposed by states and other government and public health authorities; and the various company-imposed travel restrictions on employees affecting Healthcare executives and participating suppliers.

While we are so disappointed that we won't get to see you in person this year, our commitment to bringing business partners together for learning, innovation and partnership opportunities to the industry is stronger than ever. We are quickly expanding our virtual opportunities.

We are pleased to offer HealthPoint Virtual as an online Experience to provide you connections and insight, scheduled for September 14 – 15th, 2020. To receive information on the virtual experience, Suppliers please contact [Ben Morse](#) or Healthcare Executives, contact [Lisa Bottomley](#).

Our next in-person Event is scheduled September 26 – 29, 2021, in Chicago. We will, of course, work closely with the venue and our partners to ensure we host a productive, safe and healthy Event for all.

We are so grateful to be part of a strong, supportive, and resilient Healthcare community. Your safety and health are of paramount concern to us, and we thank you for your understanding as we all navigate through this challenging time.

Our best,

The HealthPoint Team
